

U.S. DEPARTMENT OF EDUCATION
INSTITUTE OF EDUCATION SCIENCES

NATIONAL CENTER FOR EDUCATION STATISTICS

December 11, 2006

Dear Chief Officer:

I am writing to request your participation in the Public Libraries Survey (PLS) for **fiscal year (FY) 2006**, conducted by the National Center for Education Statistics (NCES), of the U.S. Department of Education, through the Federal-State Cooperative System (FSCS) for Public Library Data. NCES is authorized to collect these data under the Education Sciences Reform Act of 2002.

The PLS is administered as a cooperative effort of the Chief Officers of State Library Agencies (COSLA), the Institute of Museum and Library Services (IMLS), the National Commission on Libraries and Information Science (NCLIS), the U.S. Census Bureau, and NCES. The PLS is an annual survey of over 9,000 public libraries in the 50 states, the District of Columbia, and the outlying areas. The survey requests descriptive information about public libraries, including staffing, revenues, expenditures, circulation, collections, public service hours, and electronic resources. Your participation will increase the availability of these data to interested users in the public and private sectors.

We mailed the FY 2006 PLS to your FSCS State Data Coordinator this week. States have been placed into one of three reporting groups (see table below) based on their fiscal cycles and extraordinary reporting hardship, in order to stagger data submissions and thus enable timelier processing and release of the survey report and data file.

Reporting group and fiscal cycle	States and U.S. territories	Survey due date
Group #1 (July–June)	AK, AZ, CA, CT, DE, GA, HI, IA, KY, MA, MD, MT, NC, NM, NV, OK, OR, RI, SC, TN, VA, WV, WY	April 18, 2007
Group #2 (October–September, January–December)	AL, AR, CO, DC, FL, ID, IL, IN, KS, LA, ME, MI, MN, MO, MS, ND, NE, NH, NY, OH, PA, SD, UT, VT, WA, WI, Guam, Northern Mariana Islands, Puerto Rico, U.S. Virgin Islands	August 1, 2007
Group #3* (January–December)	NJ, TX	August 29, 2007

*extraordinary reporting hardship

The FY 2006 PLS has a firm due date of April 18, 2007 for group #1 states, August 1, 2007 for group #2 states, and August 29, 2007 for group #3 states. No state data submission will be accepted after the due date specified for the state. Please note: If you cannot submit data for all of your public libraries by the due date, please submit the data you do have available, in lieu of no data submission.

The Francis Keppel Award for timely and accurate submission of data is based on a point system covering timely response to the original submission and post-submission processing. States that accumulate at least 16 points out of the maximum 20 points will receive the award. The point system is defined in Attachment D of the letter sent to the State Data Coordinator.

NCES and the Census Bureau, the data collection agent for NCES, will work cooperatively with your state data coordinator, who is the contact person for the survey, to ensure the quality and timeliness of data for your state. Census will conduct edit follow-up and send their findings of highly questionable data to the coordinator for review. *Any highly questionable data that are not revised or verified as correct within three weeks of the date of the letter will be deleted and imputed.*

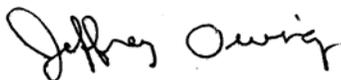

We have enclosed an example of the State Librarian certification form that your coordinator will present to you for signing when your final data are ready for submission, providing you with the opportunity to certify the accuracy of your data submission. If you have comments or concerns regarding the status of your data submission, please contact Cynthia Ramsey or Laura Hardesty at 1-800-451-6235 or via email at govs.pls@census.gov.

As you probably know, the survey will be transferred to IMLS on October 1, 2007. The FY2006 survey report and data file will be released on their website at www.imls.gov. The web-based data tools (*Compare Public Libraries* and *Search for Public Libraries*) and all historical reports and data files will also reside on their website after the transfer.

If you have any questions regarding this data collection, please contact Elaine Kroe, Survey Manager, Elementary/Secondary and Libraries Studies Division (ESLSD), at 202-502-7379, as soon as possible. Jeffrey Williams, Program Director, Library Programs, ESLSD, at 202-502-7476, is also available to answer any questions you may have regarding the survey.

According to the Paperwork Reduction Act of 1995, no person should be asked to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is 1850-0689. The time required to complete this information collection is estimated to average 56 hours per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this collection of information, please write to: U.S. Department of Education, Washington, D.C. 20202-4651.

Sincerely,

Jeffrey Owings
Associate Commissioner
Elementary/Secondary and Libraries
Studies Division
